

NAWID FARHAD

2025-2029 | ALBUQUERQUE, NM

Dr. Farhad is a dedicated pharmacist, entrepreneur, and community leader with a deep passion for personalized medicine, innovation, and preventive healthcare.

He earned his Doctor of Pharmacy (PharmD) degree in 2015 from the University of New Mexico College of Pharmacy and completed dual Bachelor of Science degrees in Chemistry and Psychology from the University of New Mexico in 2011.

Dr. Farhad's diverse experience spans retail, ambulatory care, and compounding pharmacy. His commitment to advancing personalized and preventative medicine led him to establish Modern Alchemist Compounding Pharmacy, where he serves as both pharmacist and visionary leader. His work focuses on improving health outcomes through innovative, patient-centered solutions tailored to individual needs.

A strong advocate for collaboration, Dr. Farhad partners with healthcare providers across New Mexico, Colorado, and Arizona, fostering interdisciplinary care that enhances patient outcomes. Known as a trusted source of medical and pharmaceutical guidance, he has become the go-to health advisor for many in his community.

In addition to his pharmacy practice, Dr. Farhad has served as a Clinical Assistant Professor at the University of New Mexico College of Pharmacy and is active in numerous community organizations. Passionate about mentorship, he dedicates time to supporting and inspiring youth and future healthcare professionals.

Dr. Farhad's contributions have been recognized through various honors, including being named among Albuquerque's 40 Under 40 Accomplished Entrepreneurs, celebrating his significant impact on healthcare and the community. His work reflects a lifelong commitment to innovation, research, and service.
